ABOUT HOME

This is a nicely decorated, contemporary Walk-Out Ranch home. Features a bath and 2 bedrooms on each floor. Vaulted ceilings give the living room, dining room and kitchen magnificent dimensions.

You'll find the kitchen a balance of beauty, comfort, and convenience complete with dishwasher, disposal, range, built-in microwave and a pantry to give you double the normal storage space. It also features a nearly-new, raised hardwood floor.

The master bedroom comes with an extra large closet.

The large family room downstairs is relaxation headquarters. The lower floor features, besides the big family room, a third bedroom (13' X 13') completely finished with a custom-built closet and a fourth with beautiful, large French doors that open to a wonderful day-light bedroom. This room would also make a very nice master suite.

A laundry area downstairs has huge custom-built shelves for all your storage needs. Sliding glass doors open onto the 14' X 18' deck upstairs, great for those special nights with friends. Downstairs a second set of sliding glass doors open onto the extra large 17' x 28' patio and spacious back yard.

The large back yard is chain-link fenced and faces out to open space beyond.
