### **ABOUT HOME**

*My company is relocating so we have to sell our brand new house just built custom for us. It has everything that those wanting a custom house has. It also has many upgrades. One thing people love about our house is the unique open bonus room above the kitchen and formal living room. It is sort of like a loft. Our house comes with a sound system throughout the entire house. It is also the smallest house in the neighborhood. The house across the street just sold for \$609,000 and it's not even the nicest one in the neighborhood. We are sad to leave and have already dropped our price \$25,000. We don't want to use a realtor because we want to pass those savings onto you.*

*When you re looking through the Sunday paper you might see ads that say [fsbo home](#), [fsbo house](#), or [fsbo land](#). What does fsbo mean? FSBO stands for For Sale By Owner. This is when a seller puts up his home or land for sale without the use of a real estate agent.*
